THE following is from an article on the Progress of Electricity in the New York Evening Post's Review of the XIXth Century:

"When Tyndall came to America in 1870 to deliver lectures on light and electricity, he brought with him one hundred Grove cells to produce an electric light for the purposes of demonstration. His assistant was obliged to spend two hours before each lecture in arranging these cells, filling them with acids and scraping the connections, retiring from each encounter almost asphyxiated by the irritating and poisonous fumes of nitrous oxide gas. At the present time no lecturer on science in the halls where Tyndall spoke need spend a moment in providing a source of electricity. It is on tap, so to speak, and can be obtained by touching a button. Tyndall, in his highest flight of scientific imagination, did not picture a development of electricity which would light the halls in which he spoke, and which would convey him to and fro with great speed through the streets which he used in going to them.

"The title of his lectures was 'Light and Electricity'—yet his imagination, greater than that of most of his contemporaries in science, failed more completely in the subject of light than in the field of the great practical expansion of electricity. He had no inkling of the coming theory that light is but one of the manifestations of electricity, and in ten years from the date of his lectures would be so regarded by the leaders of scientific thought."

In an article by Andrew Carnegie in the New York Evening Post's review of the XIXth Century. Mr. Carnegie, in writing of the manufacture of steel in the United States, mentions the pioneers therein and says that as he writes of them he is carried back to boyhood, when as a messenger boy in the telegraph office in Pittsburgh he delivered to them many a telegram and received coveted recognition from these great men of his youth, every one of whom pass before his eyes as he writes his name, as vividly as if he were still in daily intercourse with them, and if they were in the next room and to speak, he could tell each voice before the word was ended. They were the fathers of steel in the United States, he says—all gone except one, who still is his partner and friend.

ELISHA GRAY, the electrical inventor, died suddenly at Newtonville, near Boston, January 20th, aged 65 years.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January 20, 1901.

The following list of "changes" corrects the Tariff Book "of January, 1901" to date.

The hand **B** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Seatonville, Ill., which was formerly a three star station, but which is now a Western Union office in Square 375.

See Special Notices at end of this circular.

except to refer the matter to your Superintendent for benefit of the service. This applies to misssent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL, which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 530 to 547, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 477 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for Other lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. ECKERT,
President.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

THESAUER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January, 1898.

To Superintendents: I beg to call your attention to the following instructions (intended as a revision of circular of October 25, 1881) which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, express money order, post office money order, currency by express, or registered letter. If exchange is paid for draft, or fees for express money orders, post office money orders, money by express or registered letter, the amount of such expenses must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the Adams, American, Denver and Rio Grande, Pacific, Great Northern, National, Northern Pacific, Southern, United States, Wells, Fargo and Co. Express Companies, at following rates, viz:

Not exceeding \$5.00, 5 cts.	Over \$40.00 to \$50.00, 18 cts.
Over \$5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.
Over 30.00 to 40.00, 15 cts.	

Managers of offices on the lines of either of the above express companies should remit express money orders (excepting where bank drafts can be obtained at less expense.)

Third. If neither bank draft nor express money order can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, express money order nor post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 128, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

NOTICE = We own and are sole manufacturers under ALL PATENTS of the late Jesse H. Bunnell. Notice the attachment of the resonating base on all our instruments, which makes them the best and most efficient; then note the obsolete and inefficient attachment of other makes of instruments. We make special prices on Supplies, Wire, etc., to Operators and Linemen. We do not pay express charges. Catalogue or Learners' Manuals free.

SOUNDER AND KEY COMBINATION SET

BOX SOUNDING RELAY KEY ON BASE

The Advanced Learners' Apparatus is for perfecting operators in the use of type-writer, etc. It can be speeded according to experience. Correspondence solicited.

OPERATORS

We find a little time that we can devote in getting out New Novelties and Standard Goods for the Telegraph Operator. When we have the goods the operator is remembered when price is quoted. For the convenience of our Western trade we will open a branch, about March 1st, at 186-188 FIFTH AVENUE, CHICAGO

Something New IN TELEGRAPH INSTRUMENTS

Can be used with or without a battery. The mechanical attachment can be easily disconnected when the outfit remains entirely electrical. It can be operated mechanically when the battery is in the circuit. The operation of the outfit mechanically varies in the stroke of the sounder lever, according to the adjustment of the key. The stroke of the sounder lever obtained from the use of one cell of battery is usually sufficient for ordinary practice. This result is obtained by the mechanical attachment, and the operator can manipulate the key with the same ease as with the battery current. The adjustment is simple and not easily disarranged.

The price is but a trifle more than is charged for the regular telegraph outfits.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rates as those "via Aden" given on pages 535, 536 and 537 of January 1901 Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmeries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL, which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 530 to 547, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 477 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for Other lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. HOKERT,
President.

THE twentieth annual meeting of the Association of Railway Telegraph Superintendents will be held at Statler's Pan-American Hotel, Buffalo, N. Y., June 19, 20 and 21, 1901.

THE OMNIGRAPH MFG. CO.

89-91 CORTLANDT STREET,
DEPT. I. NEW YORK CITY.

**TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January, 1898.**

To Superintendents: I beg to call your attention to the following instructions (intended as a revision of circular of October 25, 1881) which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, express money order, post office money order, currency by express, or registered letter. If exchange is paid for draft, or fees for express money orders, post office money orders, money by express or registered letter, the amount of such expenses must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the Adams, American, Denver and Rio Grande, Pacific, Great Northern, National, Northern Pacific, Southern, United States, Wells, Fargo and Co. Express Companies, at following rates, viz:

Not exceeding \$5.00, 5 cts.	Over \$40.00 to \$50.00, 18 cts.
Over \$5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.
Over 30.00 to 40.00, 15 cts.	

Managers of offices on the lines of either of the above express companies should remit express money orders (excepting where bank drafts can be obtained at less expense.)

Third. If neither bank draft nor express money order can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, express money order nor post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 128, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR, Treasurer.

JOURNAL OF THE TELEGRAPH

VOL. XXXV.

NEW YORK, SEPTEMBER 20, 1902

WHOLE NO. 591.

The following changes are in effect in the Eastern and Southern Divisions of the Western Union Telegraph Co., from September 1st, 1902:

James Merrihew, General Superintendent of the Southern Division having resigned, the Southern Division has been abolished and the lines and offices embraced therein included in the territory of the Eastern Division, B. Brooks, General Superintendent, with headquarters at New York.

In consequence thereof, the several Districts of the enlarged Eastern Division have been rearranged and redesignated numerically, as follows:

First District, E. M. Mulford, Superintendent, New York	Formerly First and Fifth Dists., East. Div.
Second District, F. L. Blendinger, Superintendent, New York	" Seventh District, " "
Third District, E. B. Saylor, Superintendent, Pittsburgh, Pa.	" Eighth District, " "
Fourth District, J. P. Altberger, Superintendent, Phila., Pa.	" Sixth District, " "
Fifth District, C. E. Page, Superintendent, Boston, Mass.	" Third and Fourth Dists., " "
Sixth District, D. C. Dawson, Superintendent, St. John, N. B.	" Second District, " "
Seventh District, J. B. Tree, Superintendent, Richmond, Va.	" First District, Southern Div.
Eighth District, J. M. Stephens, Superintendent, Atlanta, Ga.	" Fourth District, " "
Ninth District, B. F. Dillon, Superintendent, Jacksonville, Fla.	" Fifth District, " "
Tenth District, J. Compton, Superintendent, Nashville, Tenn.	" Second District, " "
Eleventh District, J. A. Brenner, Superintendent, Augusta, Ga.	" Third District, " "

FOLLOWING are changes in the Western Union Telegraph Co.'s service:

E. B. Saylor, appointed Superintendent of the Third District (formerly Eighth District), Eastern Division, headquarters at Pittsburgh, vice J. D. Flynn, resigned.

R. C. Bliss, transferred from Manager at Springfield, O., to be Manager at Cincinnati, vice C. E. Page, transferred to Boston as Superintendent of Fifth District (formerly Third and Fourth Districts), Eastern Division.

J. V. O'Brien promoted to be Manager at San Francisco, vice T. W. Reynolds, deceased.

A. C. N. Thompson, transferred from Manager at Middletown, N. Y., to be Manager at Paterson, N. J., vice C. W. Schofield, resigned.

At the annual convention of the Old Time Telegraphers' and Historical Association, held at Salt Lake City, on September 10th, the following were elected officers for the ensuing year and Milwaukee, Wis., was selected as the next place of meeting: U. J. Fry, Milwaukee, President; W. J. Lloyd, Chicago, Vice-President; John Brant, New York, Secretary-Treasurer.

At the annual convention of the United States Military Telegraph Corps, held at Salt Lake City, on September 10th, the following were re-elected officers for the ensuing year, and Milwaukee was selected as the next place of meeting: W. B. Wilson, Philadelphia, President; W. L. Ives, New York, Vice-President; J. E. Pettit, Chicago, Secretary-Treasurer.

JAMES MERRIHEW, for the past eighteen years General Superintendent of the Southern Division of the Western Union Telegraph Company, resigned on September 1st, and after fifty-three years of continuous telegraph service retires therefrom. Mr. Merrihew entered the telegraph service at Wilmington, Del., in 1849, as messenger for the Magnetic Telegraph Co., which was the pioneer telegraph company. In 1852 he was operator at New Hope, Pa., and in 1853, manager at Newark, N. J. Later he was employed in Philadelphia and in New York City, returning to Philadelphia in 1857, where he remained for nearly twenty-five years, advancing from operator to chief operator, to manager and to superintendent. In 1880 he removed to New York, where he has since remained, becoming Assistant General Superintendent and General Superintendent.

A typical example of the experienced and practical telegraph manager, by faithful and intelligent performance of duty, he meritoriously advanced through all its grades of service.

WESTERN UNION TELEGRAPH COMPANY. NEW YORK, September 10th, 1902. DIVIDEND NO. 136.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the capital stock of this Company, payable at the office of the Treasurer on and after the 15th day of October next to shareholders of record at the close of the transfer books on the 20th day of September instant.

For the purpose of the Annual Meeting of Stockholders, to be held on Wednesday, the 8th day of October next, and of the dividend above referred to, the transfer books will be closed at three o'clock on the afternoon of September 20th inst., and reopened on the morning of October 9th next.

M. T. WILBUR,
Treasurer.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY FOR THE QUARTER ENDING SEPTEMBER 30th, 1902.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, September 10th, 1902.

The following statement exhibits the condition of the Company at the close of the quarter ended June 30th, 1902:

In view of the preceding statements, the Committee recommend the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of October next, to stockholders of record at the close of the transfer books on the 20th day of September, instant.

Resolved, That for the purpose of the Annual Meeting of Stockholders, to be held on Wednesday, the 8th day of October next, and of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of September, instant, and be reopened on the morning of the 9th day of October next.

Respectfully submitted,

R. C. CLOWRY,
President.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, November 20, 1902.

The following list of "changes" corrects the Tariff Book of "July, 1902" to date.

The hand **C** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Hamburg, Ark., which was formerly a three star station, but which is now a Western Union office in Square 447.

See Special Notices at end of this circular.

SPECIAL SHEET "O."

Competing offices to which have been sent Special Sheet "O," should erase from that sheet Ruxton, Md.; Florence, Harvey Cedars and Maple Shade, N. J.; Berwyn, Devon, Elgin, Glen Moore, Grampian, Honey Brook, Lemont, C. Co., Leola, Lewistown Junction, Malvern, Mapleton, Mifflinburg, Millersburg, D. Co., Millmont, Milroy, Montandon, New Holland, Newton Hamilton, Newville, Paoli, Radford, Reedsville, M. Telegrams to other places in China cannot be accepted, via Khabarovsk.

Correct Tariff Book, pages 524, 525, 526 and 527.

CENTRAL AMERICA.

The administrations of Salvador, Guatemala, Honduras and Costa Rica will now investigate complaints of service, and refund charges for errors of service on their lines. The foot note, page 534 of Tariff Book, should be modified accordingly.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from office on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 519 to 536, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 465, of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department New York City.

OUR EXTRAORDINARY OFFER

You may try the pen for a week. If you do not find it, upon comparison with other makes, at double or even three times our special price, a far better article; if upon a practical test you do not find the pen a perfect one in every particular, and entirely satisfactory to you, return the pen to us and we will at once refund your money, as we do not consider that we have made a sale until you are satisfied.

We do not want one of our pens out unless it is giving the best of satisfaction. We expect the pen we send you to be the means of making additional sales, as we know you will cheerfully recommend this pen to your friends when you possess and appreciate the fact that you have the best fountain pen made.

If, when ordering this pen, you will advise us the name of your stationer, that we may call his attention to our manufacture, we will appreciate your courtesy.

If convenient, enclose with your order a sample of the steel pen you generally use, and we will match the same as to style of point, touch and flexibility, as we can fit in our gold pens any hand. Should the pen point selected prove a trifle fine or coarse, hard or soft, to suit your hand, or the hand of whoever you select the pen for, it may be returned to us for exchange—if uninjured—at any time. Ever read or hear of a fairer proposition?

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 20, 1903.

The July, 1903, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before July 1, when the new book takes effect.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any errors which they may discover.

The following list of "changes" corrects the Tariff Book "of July, 1903" to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Elmwood, Conn., which was formerly a two-star station, but which is now a Western Union office in Square 32.

See Special Notices at end of this circular.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

The attention of Managers is called to the third paragraph of "Remarks" under rule 2, which reads as follows:

"The importance of the address cannot be overestimated. When the address given seems insufficient, a better one should be requested."

It is particularly advisable that this be carefully observed when accepting messages to Summer resorts.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL

which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 549 to 569, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 505, of Tariff Book. The tolls received for cable messages should not be entered in the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

Supt.

POCKET EDITION OF DIAGRAMS

and Complete Information for Telegraph Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

**A Telegraphic Classic. The Standard of the World.
Splendidly Illustrated.**

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

G. W. E. ATKINS,
Superintendent.

At the Annual Meeting of the Telegraphers' Mutual Benefit Association held in New York City, on November 18th, the following were elected to serve for the ensuing year:

B. Brooks, President.
W. H. Young, Vice-President.
C. P. Bruch, 2d Vice-President.
M. J. O'Leary, Secretary.
A. R. Brewer, Treasurer.

Executive Committee.

J. Merrihew, New York.
W. C. Humstone, New York.
E. J. Nally, Chicago.
J. L. Edwards, New York.
Geo. H. Fearons, New York.
S. S. Garwood, Philadelphia.

Auditing Committee.

E. B. Pillsbury, W. J. Dealy.
T. E. Fleming.

A large number of members, including delegates from various agencies, were in attendance. The reports of the President, Secretary and Treasurer showed the Association to be in excellent condition, both in membership and financially. The membership is now 5,234 and the assets amount to \$224,793.18.

The President, Mr. B. Brooks, in his report and opening address referred to the fact that the Association is now in a most prosperous condition, and fully able to protect its present membership. It has a broad, liberal contract, under which a man or woman, when once admitted to membership, can engage in any vocation or reside in any country; that its mission is to provide protection for the families and dependents of all employees of the telegraph service, and that it is essentially a telegraph society, organized and maintained solely for the benefit of its members.

Every person employed either in telegraph or telephone service, in good health, between the ages of 18 and 45 years, is invited to join, and application for membership can be made to the Secretary at the New York office or to any agent in the Western Union office of any of the principal cities.

After the meeting a large number of the members who had been present at it attended the autumn reunion and dinner of the Magnetic Club, at which were also present a number of the principal officers of the Western Union and the Postal Telegraph companies.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, November 20, 1903.

The following list of "changes" corrects the Tariff Book "of July, 1903," to date.

The hand **H** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Elmwood, Conn., which was formerly a two-star station, but which is now a Western Union office in Square 32.

See Special Notices at end of this circular.
